Comments:

Is the evaluated use attainable? ☐ Yes ☒ No

Comments: The UAA was conducted on an unclassified segment of Flat Creek in July 2005 and no WBCR was observed. The creek did not meet the maximum or average depth criteria in any of the 3 sites evaluated. If this segment would be considered for classification in the future, this UAA could serve as a rebuttal to a presumption that the WBCR use exists or is attainable

Committee Recommendation: ☐ Retain Use ☐ Modify Use ☒ Remove Use ☐ Inconclusive
